

Now on Wednesdays at Pickett's Mill!!

What Makes KidzArt Different?

We're Creative Based vs. Rendering-Based

- We encourage "out of the box" thinking versus a "copy exactly" approach.
- We use Brainstorming methods to bring out the uniqueness of each artist
- Each student's creation is one of a kind

We Build Confidence

- Supportive, non competitive learning environment
- Students learn that there are "No mistakes in art"
- Students artwork is never "corrected" by the instructor
- Confidence carries over into the student's everyday life.

We Focus on the Creative Process, not the end Result

- We balance guided instruction with creative freedom
- We use music and relaxation techniques to increase focus and release creativity
- Improved problem-solving skills spill over into the classroom and test scores

We use the Highest Quality Art Materials

- Our students are taught to use professional grade artist supplies, that are rarely experienced until high school or university level
- Our students are treated like "true artists" from the start
- Our students work with a variety of mediums including paints, markers, charcoal, oil & chalk pastels, etc.

KidzArt Projects Never Repeat!

Your child will produce a new work of art each class. The facts are that arts education makes a tremendous impact on the developmental growth of every child and has proven to help level the "learning field" across socio-economic boundaries".
